SISTER AGNES; or, CONVENT LIFE, hand semely illustrated, 12mo, cloth. Price #1. RIKER, THORNE & Co. 139 Fulton-st. N. Y.

Written with great talent. ***

[Kngllab Protest at Alliance]

*** It is a very remarkable publication." [Y. Y. Hersild.

*** An important Anti-Popery Book. *** [Crusader.

*** Is sure to find many readers.

*** Slater Agnes is well spoken of. **** [Buffalo Express.

Slater Agnes is well spoken of.

Slater Agnes is well spoken of.

At this particular time, so interesting and well-executed a work ought to command thousands of readers."

Slater Agnes is no catch-penny work. It bears the marks of sincerity and deliberation.

The evils of the monastic system and its possible abuses are displayed in this spirited narration with much pathos and vigor.

We recommend a careful study of it to every young woman who is at all inclined to think favorably of a must all in a Convent.

It is Anti-Catholic, Anti-Jesuit, and Anti-Convent.

It is Anti-Catholic, Anti-Jesuit, and Anti-Convent.

The tale is remarkably well written, and deserving of more than a passing popularity.

A mest interesting narrative, giving a vivid description of the wiles by means of which Jesuit teachers worm themselves into the confidence of families.

We hoever takes up this book well not lay it down until it is finished.

We are giad that the publishers have presented it to the community.

The aketch of convent life is drawn with great vigor, boliness and skill.

THE POETRY OF GERMANY—Consisting of

THE POETRY OF GERMANY—Consisting of Selections from upward of seventy of the most celebra of Poets, translated into English verse, with the original text on the appealte page 89 Affred Baskerville. 1 vol. 12mo., 653 pp; cloth, gilt, 81–75.

"The lowers of German literarure will heartily welcome an American cilition of this beautiful volume. Not is its interest canfined to those whose knowledge of the great German masterpleocs enables them to perceive its media as translation. Everywhere it will be greeted by the readers of poetry as a rare addition to their sources of mental enjoyment. It is on possed of selections from more than eventy of the most eminent German Poets, translated into English serse, with the text of the original on the opposite page. The sendent who has made some tradicioney in the German language, will here find an invaluable means of gaining fresh familiarity with its peculiar constructions, and at the same time acquire a greater degree of inclush into the depth and power of its best poetical productions. The volume embraces specimens from the middle of the last century to the depth and power of its best poetical productions of course, are made from Goethe. Schiller, Wiesand Rucker, Theek, Unitand, and other long cherished names, while the translations from several poets of a quite recent date will pobably bring them for the first time to the attention of many readers. Old favorites, at which many translators both in the courty and in England have tried their hands, are here reproduced, giving ample opportunity for those who are carrious in such matters to induce in critical comparisons. Indeed, many of the verses have such a familiar movement, that it would not be surprising if some tide or presentors. In the would not be surprising if some tide or presentors. In the interest fieldlity, as well as further eventors and the mankaton of the original if of the original in the field of the carrier of the translations and indeed the mankaton of the original if the original in the carrier of the t
